

HOW TO PREPARE FOR A PARIS TRUNK SHOW

A PARIS Trunk Show is an experience where the Designer or a Stylist is invited to a store and brings with them an expanded view of the current collection. These pieces travel and will not be left for you to see again. The PARIS collection includes Hairpins, Tiaras, Combs, Brooches, Head wraps, Earrings, Bracelets, Necklaces, Handbags, Barefoot Sandals, Cake Jewelry, and Veils.

Your face shape, hairstyle, dress type, budget, uniqueness of the event and personal style and the considerations used to guide the Bride to the perfect choice. To be able to make a final selection on your appointment, the following is advised:

- ✪ Bring one person along who can help give you constructive feedback on your choices
- ✪ Bring photos of hairstyles you are considering (your hair will be pinned in the general silhouette of that photo or description)
- ✪ Bring any existing jewelry choices you have already made. You may be surprised if you have not seen them with your gown yet. This is an opportunity to see if they will work.
- ✪ Prepare to be impressed. Seeing yourself styled by an expert is a thrilling experience; you will want to call your Fiancé to get married that day!
